Academic Year 2026-27

**Bachelor of Technology in
Artificial Intelligence &
Data Science (B.Tech.
AI&DS)**

Semester-5 (Div-5AIDS4)

**Department of Artificial Intelligence and Data
Science**

**Parul Institute of Engineering and Technology
Faculty of Engineering and Technology
Parul University**

Our Management Team

Dr. Devanshu Patel
President
Parul University

Dr. Parul Patel
Vice President (Student
Affairs & General
Administration) & Chair
Admissions Committee
Parul University

Dr. Geetika Patel
Vice President (Quality,
Research & Health
Sciences) & Medical
Director
Parul University

Dr. Komal Patel
Vice President (Medical
& Paramedical Health
Sciences) & Medical
Director
Parul University

Dr. Vinod Patel
Member, Board of
Management
Parul University

Dr. Arvind Patel
Director, Infrastructure &
Civil Works
Parul University

University Administration Team

Dr. K. N. Madhusoodanan
Provost
Parul University

Dr. Kunjal Sinha
Pro-Vice Chancellor
Parul University

Prof. Manish Pandya
Registrar

About the University

Parul University, Vadodara, stands as one of Gujarat's leading private universities - a vibrant hub of higher education, healthcare, research, and innovation. Its journey began with the Parul Arogya Seva Mandal Trust, which first made its mark in the healthcare sector before establishing Gujarat's first self-financed Homeopathic Medical College in Ahmedabad in 1993. This marked the beginning of a legacy committed to quality and holistic learning.

Over time, the vision grew into the Parul Group of Institutions, offering programs in Engineering, Technology, Ayurveda, Nursing, Physiotherapy, Pharmacy, Management, Architecture, and more. The **Government of Gujarat established Parul University** through the *Gujarat Private Universities (Second Amendment) Act, 2015*, recognizing its growth and impact.

Starting with 16 institutes and about 50 programs, the University has grown into a multidisciplinary ecosystem of 38 constituent colleges and 21 faculties offering Diploma, UG, PG, and Ph.D. programs, including seven constituent colleges that function as teaching hospitals. Today, it is home to over 65,000 students and 8,000 staff, including 4,500+ international students from 75+ countries, on a 125-acre eco-friendly campus equipped with modern classrooms, laboratories, hostels, sports arenas, and cultural spaces.

Parul University has earned **NAAC accreditation with the highest A++ grade (3.55 CGPA)** in its very first assessment cycle, **UGC Category-1 status with Graded Autonomy**, and the prestigious **Centre of Excellence** status by the State Government. In NIRF 2025, it ranked among India's top 150 universities, 41st in Pharmacy, and within the top 50 for Innovation. It has achieved 5-star ratings in Pharmacy, Engineering, Management, and Applied Sciences, and 4-star ratings in University and Medical categories in **GSIRF-2024**; along with Diamond Ratings in **QS I-GAUGE**, with Platinum in Medicine, Engineering, and Pharmacy. It also made a global debut in the **Times Higher Education Impact Rankings 2025**, securing ranks among India's top 50 for Quality Education (SDG 4), Gender Equality (SDG 5), Good Health & Well-being (SDG 3), and Partnerships for the Goals (SDG 17). The hospitals hold NABH accreditation with Platinum Level Certification for Digital Health Standards, along with the NABL-accredited Molecular Laboratory at Parul Sevashram Hospital.

True to its mission, Parul University delivers holistic education, fosters innovation, and advances sustainable development. With its achievements, global collaborations, and commitment to quality, it stands as Gujarat's leading private university, setting new benchmarks in higher education.

VISION

To make successful academic quests through entrepreneurship. Research, modernization and partnerships, thus making PU the finest educational destination

MISSION

- Bridging the gap between academia and career, by laying emphasis on development programs for both students and staff.
- Promoting healthy relationships between PU's existing students, alumni, teachers and staff
- Forming associations with other universities and corporate firms of the nation and the world
- Presenting state of the art infrastructure with high quality and work ethics.

QUALITY POLICY

To strive towards attaining the status of global educational university by setting higher benchmarks in quality education to deliver excellence in academics, research, innovation and extension activities through the implementation of best practices adopted by renowned academic institutes in teaching and learning processes by continuously monitoring the effectiveness of the University's practices, fostering a quality learning ecosystem through state-of-the-art facilities to enable the beneficiaries to enhance their skillsets and knowledge, with enhanced emphasis on comprehensive development.

About the FET

The Faculty of Engineering and Technology (FET) stands as a beacon of innovation, excellence, and transformation — one of the earliest and most prestigious pillars of technical education of Parul University. Since its inception, FET has been instrumental in setting global benchmarks of brilliance across diverse disciplines of science and technology. It has continually contributed to society by developing ideas, solutions, and innovations that empower communities and advance the welfare of humanity.

At FET, we believe that engineers are not just creators of technology — they are architects of the future. With a powerful academic foundation comprising 17 diploma programs, 34 undergraduate programs, and 14 postgraduate programs, FET offers unparalleled opportunities for learning and growth. Our strength lies in our people — an elite faculty of 800+ members, including 390+ distinguished Ph.D. degree holders or currently pursuing their doctorates — who bring passion, experience, and expertise to every classroom and laboratory.

Home to a vibrant ecosystem of 33,000+ aspiring engineers, FET ensures a 360-degree learning journey that goes beyond textbooks. Through expert talks, workshops, seminars, industrial visits, and innovation showcases, students are encouraged to explore, experiment, and engineer their own success stories. At the Faculty of Engineering and Technology, we don't just teach engineering — we inspire innovation, ignite curiosity, and engineer the future.

VISION

To develop highly skilled professionals to man positions in the industry responding to technological and scientific advancements

MISSION

To develop centers of excellence through establishment of state-of-the-art laboratories/workshops which will help students learn through hands-on experience the latest advances in technology.

Established in 2003, the Parul Institute of Engineering & Technology (PIET) stands as the flagship engineering institute of Parul University, Vadodara, Gujarat. Over the years, PIET has emerged as a symbol of excellence in technical education, fostering innovation, creativity, and global competence. Recognized among the state's premier engineering institutes, PIET offers a diverse portfolio of 22 undergraduate and 9 postgraduate programs spanning key disciplines such as Computer Science & Engineering, Artificial Intelligence and Data Science, Artificial Intelligence and Machine Learning, CSE–Industry Embedded Program (IEP), Cyber Security, Information Technology, Electrical, Mechanical, Civil, Aeronautical, Mathematics & Computing, and Electronics & Communication Engineering, among others. Home to a vibrant community of 19,000+ students, PIET takes pride in its 350+ accomplished faculty members, including 200+ Ph.D. holders or pursuing their doctoral research. This powerful academic ecosystem ensures a perfect blend of experience, expertise, and innovation in teaching and research. The institute's state-of-the-art, technology-driven campus features advanced laboratories, smart classrooms, and an industry-oriented curriculum designed to bridge the gap between education and enterprise. Strategic collaborations with leading companies offer students hands-on exposure through internships, live projects, and industrial interactions, shaping them into future-ready professionals. Beyond academics, PIET promotes holistic growth through a thriving culture of technical fests, student clubs, research initiatives, and sports activities, cultivating leadership and teamwork skills. PIET's commitment to quality and innovation has earned it prestigious national and international recognitions—including the coveted GSIRF 5-Star Rating by the Government of Gujarat, the Platinum Rating in Engineering by QS I-GAUGE, the AAA rating as a valuable NPTEL Local Chapter, and an impressive rank of 43rd in India, 8th in Zone, and 3rd in Gujarat among the Best Private Engineering Colleges by the Indian Institutional Ranking Framework (IIRF) 2024. With these distinctions and its unwavering pursuit of excellence, Parul Institute of Engineering & Technology continues to redefine the standards of engineering education in India—empowering minds, shaping innovators, and engineering the future.

VISION

To be a premier institution in Engineering and Technology that fosters excellence in education and research with ethics towards inspiring and developing future technocrats.

MISSION

- To impart quality educational experience with ethical and human approach and skills to students that enables them to become successful technocrats in their chosen career.
- To nurture scientific temperament and promote research and development activities.
- To provide service to industries and communities through educational, technical and professional activities.

About the Department

Incorporated in 2024 as a dedicated hub for future technologies, Parul University Department of Artificial Intelligence and Data Science is rapidly establishing itself at the forefront of modern computing education. Building on the foundation of the successful BTech in AI program initiated within Computer Science in 2021, the department now offers specialized, industry-aligned degrees. Its portfolio includes the established BTech in CSE (Artificial Intelligence) and the newly introduced BTech in Artificial Intelligence & Data Science (from 2024), providing deep dives into machine learning, deep learning, and big data analytics. Complementing these undergraduate offerings is the recently launched MTech in Artificial Intelligence & Data Science (from 2025), designed for advanced specialization and research. The department focuses on equipping students with the critical theoretical knowledge and practical skills needed to innovate and lead in the rapidly evolving fields of AI and DS, preparing them for impactful careers shaping tomorrow's intelligent solutions.

VISION

To be a distinct hub of education that prepares skilled professional in the field of Computer Science and Engineering.

MISSION

- Enhance academic performance by adopting industry-oriented curriculum focusing on thrust area of computer education through integrated learning in collaboration with prominent industries.
- Preparing students to face challenges of real world through internships and project-based learning.
- Foster a research culture that results in sound knowledge base, high-quality publications, new products and IPR.
- Inculcate ethical consciousness in students so that they can achieve success in their professional endeavors and can become responsible citizens.

CODE OF CONDUCT

- All students of Parul University shall compulsorily display their university ID cards by wearing it round their neck. If any student is found without an ID card on any day' he/she will be marked absent for that day.
- The university expects all the students to behave in a manner expected of a prudent person.
- The students shall be dressed in a presentable manner which does not invite criticism from any quarter.
- The students shall strictly adhere to the class timings and be punctual in attending all classes.
- The students shall display cordial, genial and respectful behaviour towards their teachers.
- The students should be polite, cooperative, and respectful in dealing with the employees of the University.
- The students shall maintain the highest order of cleanliness in the classroom as well as in the college Premises.
- The students should not indulge in boisterous behaviour at any place on the university Campus.
- The students shall follow the directions issued in accessing common places such as library, canteen, sports fields, auditorium, gymnasium, swimming pool etc....
- The students shall strictly follow the schedules given by the class teacher regarding the assignments, class tests, examinations, practical etc....and shall complete the assigned work within the duration specified by their teachers.
- The students shall follow the instructions given by the teacher during practical in relation to the use of laboratory/workshop/implements/equipment...
- Whenever the student has queries regarding their performance from either the class teacher or from any office in the College/University' they should follow the procedures laid down for the same and approach the concerned with utmost respect to the Authority.
- The students shall pay all prescribed fees at the stipulated times and avoid being penalized for non-payment of fees.
- The students shall not indulge in unfair means during the conduct of class tests/internal and external examinations.
- The students shall not indulge in unlawful assembly at any place in the campus.
- Any problem encountered by the students should be brought to the notice of the Authorities immediately available in the College/University.
- The students should never take law into their own hands and report any matter of lawlessness or harassment to the College Authorities immediately which, in turn, will initiate suitable action.

- The students shall participate in all national events such as Independence Day, Republic Day organized by the University.
- The students should not indulge in any of the activities which adversely affect the reputation of the University.
- The students shall not consume prohibited substances such as alcohol, narcotics, Marijuana, Heroin, Cocaine etc. and shall not keep in their custody/hostel premises illegal objects/materials such as firearms, missiles, bombs, narcotics, alcohol or other intoxicants etc.
- Smoking and chewing of tobacco are strictly prohibited in the campus.
- UGC has directed all the universities to strictly implement anti-ragging measures in universities and colleges. It is also the responsibility of the institutions in the university to ensure safety of the newcomers and to protect them from any incidence which may harm either their physical or mental faculties. Any student, who has been found involved in the incident related to ragging, strict disciplinary action as enumerated in UGC Regulations on Curbing the Menace of Ragging in Higher Educational Institutions, 2009 will be initiated against the delinquent student.
- Any violation of the provisions mentioned above will be viewed as an Act of Misconduct and university, after conducting a thorough probe into such incidents, shall initiate strict disciplinary action against delinquent students.

CODE OF CONDUCT FOR FOREIGN STUDENTS WHILE RESIDING OUTSIDE THE UNIVERSITY CAMPUS

A number of foreign nationals are studying in the university under various degree programs. Those foreign students who stay outside the campus will have to adhere to certain code of conduct as mentioned below.

- They must enter into a rent Agreement with the owners of the accommodation and submit a copy of the same to the ISAC in the University.
- They shall inform the local police about their residence.
- Boys and girls should necessarily stay in separate accommodation.
- They shall not consume any narcotic substance such as Marijuana, Heroin, Cocaine etc.... In case, they consume alcohol, they should necessarily have obtained permit for the same from competent authorities. Any violation would make them liable for disciplinary action from the concerned authorities.
- They should not play loud music in their accommodation which would serve as a nuisance to the neighbours. They should maintain cordial relations with their neighbours and shall live in harmony with them. Further, they should not indulge in any boisterous behaviour such as getting into altercation with neighbours, causing disturbance to them etc. Moreover, they shall always maintain the social decorum by behaving politely, wearing appropriate attire to ensure the amicable living atmosphere with others.

- Whenever they leave town for any reason, they should necessarily inform the authorities in ISAC and their counsellor.

REGULATIONS FOR BOARDERS RESIDING IN THE UNIVERSITY HOSTELS:

GENERAL

- All students shall conform to the rules of good conduct and shall respect the authorities of the university.
- Students shall put in efforts to protect the property of the university and make proper use of the facilities provided.
- No student shall deface or destroy any university or public property.
- Students shall maintain proper decorum in all places such as classrooms, hostels, laboratories, sports facilities, transport facilities etc...
- Students shall not disturb the normal work of the university by disorderly conduct, boisterous behaviour and unauthorized assembly.
- Ragging in any form is strictly prohibited.
- Consumption of alcohol or drunkenness or drug addiction or gambling on the campus is strictly prohibited.
- Students should not indulge in celebration of any festivals on days other than those notified by the university.
- Violation of any of the regulations will be treated as an act of indiscipline and shall be brought to the notice of the Hostel Superintendent by the concerned student.
- The Hostel superintendent in consultation with the concerned Rectors shall enquire into the matter and may implement immediate measures such as giving a warning, imposing a fine or debarring from the hostel for a period not exceeding one month.
- In further cases of serious indiscipline, an Inquiry cum Disciplinary Committee may be formed comprising officials in the university and the said Committee shall inquire into acts of indiscipline and suggest punitive measures to the Higher Authorities in the University.
- The decision of the higher authorities in the university in all these matters shall be final and binding on all concerned.
- The Rector of each hostel shall hold weekly open meetings with the boarders on designated day and time to address the grievances of the boarders, if any.
- Similar open meetings will be held by the Hostel Superintendent with the boarders once a month on designated day and time to address the grievances of the boarders, if any.

ADMISSION TO THE HOSTELS

- Any student admitted to any institution in the university is eligible to be admitted to the concerned hostel subject to the availability of accommodation.
- Preference will be given to the regular students of the university.
- Application may be made to the Rector of the hostel on payment of prescribed application fees.
- The Rector of the hostel in consultation with the Hostel Superintendent shall allot rooms to the applicants depending upon the availability.

PAYMENT OF HOSTEL FEES

- Every boarder in the hostel shall pay the prescribed fees from time to time.
- The Hostel Fees will be decided by the Management of the Trust running the hostels.
- In case, the prescribed fees are not paid in time, the boarder shall have to pay the fine as decided by the Management of the Trust.

BEHAVIOUR OF BOARDERS IN THE HOSTEL

- The boarders shall not change the room allotted to them by the Rector without the permission of the Rector.
- The boarders shall keep their rooms neat and tidy and shall cooperate with the hostel management in safe upkeep of the common utilities provided to them.
- The boarders shall allow the Rector to inspect their rooms whenever demanded.
- The corridors, toilets, reading room, TV room, mess etc.... are common utilities provided by the hostel and it is the responsibility of every boarder to use them appropriately without causing any damage.
- The boarders themselves are responsible for the safety of their belongings and are advised not to keep any valuable items in their rooms.
- The boarders shall not consume prohibited substances such as alcohol, narcotics, Marijuana⁴ Heroin, Cocaine etc. and shall not keep in their custody/hostel premises illegal objects/ materials such as firearms, missiles, bombs, narcotics, alcohol or other intoxicants etc.
- Smoking and chewing of tobacco is strictly prohibited.
- Gambling in any form is strictly prohibited.
- Viewing prohibited material on personal computers, laptops, mobile and other electronics devices will be strictly viewed as an act of indiscipline.
- No person other than the boarders shall be allowed to enter the hostel premises without the permission of the Rector.
- Boarders shall not allow any guests to stay overnight in their rooms.
- No boarder shall stay outside the hostel after 9:00 PM without prior permission of the Rector. However, boarders in the Ladies' Hostel shall not remain outside the

hostel beyond 7: 30 PM without prior permission of the Rector. Any violation of this provision shall be viewed seriously and disciplinary proceedings will be initiated.

- Boarders shall treat all employees of the hostel with courtesy and respect.
- Boarders shall not hold any unauthorized meeting in the hostel premises.
- Boarders shall vacate the hostel during vacations to facilitate upkeep of the hostels.
- Boarders shall wear proper dresses when they visit the common room, dining hall or any public place on the university campus.
- Any complaint or grievances which the boarders have shall be reported to the Rector who in turn shall bring it to the notice of the Hostel Superintendent immediately for redressal.

HOSTEL MESS

- There shall be as many number of messes as is required in the university premises.
- All meals, breakfast etc... will be served only in the mess.
- Boarders shall have food only in that mess to which they are allotted.
- The mess charges shall be collected along with the hostel fees as determined by the Trust.
- Boarders shall treat all mess workers with courtesy and respect.
- Food will not be taken out of the mess for any reason.
- Any complaints regarding the quality of food shall be brought to the notice of the concerned Rectors and Hostel Superintendent.
- The boarders shall strictly adhere to the timings of the mess.
- The boarders will have to be properly dressed while coming to the mess.

CODE OF DISCIPLINE

- Academic Integrity: Be honest in all academic work; avoid plagiarism and cheating.
- Respectful Behavior: Treat everyone with respect; no discrimination, harassment, or bullying.
- Attendance: Attend classes regularly and participate actively.
- Professionalism: Exhibit professionalism in behavior, attire, and communication.
- Resource Use: Use university resources responsibly.
- Community Engagement: Participate in community service.
- Respect: Treat everyone with respect and dignity.
- Compliance: Follow all laws and university policies.
- Integrity: Maintain honesty in all activities.
- Responsibility: Be accountable for one's actions.

UNACCEPTED BEHAVIOUR

- Dishonesty: Plagiarism, cheating, or any form of academic fraud.
- Disrespect: Discrimination, harassment, bullying, or any form of disrespect towards faculty, staff, or peers.
- Absenteeism: Frequent unexcused absences from classes and other mandatory activities.
- Unprofessionalism: Inappropriate attire, unpunctuality, irresponsible communication, and

failure to meet deadlines.

- Resource Misuse: Unauthorized or unethical use of university facilities and resources.
- Disruption: Any actions that disrupt the educational environment or university operations.
- Substance Abuse: Use or possession of illegal drugs or alcohol on campus.
- Violence: Any form of physical violence or threats against others.
- Theft: Stealing or damaging university or personal property.
- Cyber Misconduct: Unauthorized access to or misuse of university digital resources.
- Insubordination: Defying or disrespecting authority figures within the university.
- Gambling: Engaging in gambling activities on campus.
- Unauthorized Gatherings: Participating in or organizing unapproved gatherings or protests.
- Unethical Behavior: Any actions that compromise the ethical standards of the university.

DISCIPLINARY MEASURES

- Warnings: Issuance of verbal or written warnings for minor infractions.
- Probation: Placing the individual on probation with specific conditions for improvement.
- Detention from Academics: Temporary restriction from attending classes or participating in academic activities.
- Suspension: Temporary suspension from classes, activities, or university services for serious or repeated offenses.
- Expulsion: Permanent expulsion from the university for severe or continued violations of the code of conduct.

About the programme

Launched in 2024 under the newly established Department of Artificial Intelligence and Data Science, the BTech in Artificial Intelligence & Data Science program is a future-focused undergraduate degree aimed at developing professionals skilled in both intelligent computing and data-driven technologies. The program integrates key domains such as data science, big data analytics, machine learning, deep learning, cloud computing, business intelligence, and predictive analytics to prepare students for the digital transformation era. With a strong emphasis on experiential learning, students engage in hands-on training, interdisciplinary projects, internships, and industry collaborations that enhance analytical thinking and problem-solving capabilities. The program equips learners with the ability to extract meaningful insights from complex datasets and design intelligent systems capable of supporting innovation across sectors such as healthcare, finance, smart cities, cybersecurity, and automation.

PROGRAM EDUCATIONAL OBJECTIVES(PEOS)

Program Educational Objectives

PEO 1	Apply computer science and engineering theories, principles, and skills to address societal challenges.
PEO 2	Display a lifelong learning mindset and adapt to quick technological developments in the sector.
PEO 3	Exhibit professionalism, collaboration, leadership abilities, and awareness of contemporary demands.

PROGRAM LEARNING OUTCOMES (PLOS)

Program Learning outcomes are statements conveying the intent of a program of study.

PLO 1	Engineering knowledge	Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
PLO 2	Problem analysis	Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using the first principles of mathematics, natural sciences, and engineering sciences.
PLO 3	Design/development of solutions	Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for public health and safety, and cultural, societal, and environmental considerations.
PLO 4	Conduct investigations of complex problem	Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
PLO 5	Modern tool usage	Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.
PLO 6	The engineer and society	Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.
PLO 7	Ethics	Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.
PLO 8	Individual and team work	Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
PLO 9	Communication	Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to

		comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PLO 10	Project management and finance	Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
PLO 11	Life-long Learning	Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

PROGRAM SPECIFIC LEARNING OUTCOMES (PSOS)

PSO 1	Design the solutions as per the recent industrial demand objective.
PSO 2	Test any apparatus and system with appropriate usage of software tools, and gather data for modelling system.

ACADEMIC CALENDAR

Faculty of Engineering & Technology				Parul [®] University		NAAC A++ ACCREDITED UNIVERSITY	
Academic Calendar (ACY 2026-27) (Odd Term)

Course: BTech **Semester:** 5
Prerequisite: Data structure, Formal Languages and automata Theory, Mathematics
Rationale : This course provides a broad introduction to Artificial Intelligence. AI techniques for search and knowledge representation also Apply knowledge of AI planning and machine learning techniques to real-world problems.

Course Content		W - Weightage (%) , T - Teaching hours	
Sr.	Topics	W	T
1.	Introduction: Definition of an AI, Major Areas of Artificial Intelligence, AI Techniques, History, AI problems, Production Systems, Problem characteristics, Intelligent Agents, Agent Architecture, AI Application (E-Commerce, & Medicine), AI Representation, Properties of internal representation, Future scope of AI, Issues in the design of search algorithms. Introduction to AI Problems and Applications, Defining Problems as a State Space Search, Problem Characteristics, Production Systems.	15	7
2.	Search techniques: Generate-And-Test, Hill Climbing, Best-First Search, Problem Reduction, Constraint Satisfaction, Means-Ends Analysis, Heuristic search, Hill Climbing, Best first search, mean and end analysis, Constraint Satisfaction, A* and AO* Algorithm, Knowledge Representation: Basic concepts, Knowledge representation Paradigms, Propositional Logic, Inference Rules in Propositional Logic, Knowledge representation using Predicate logic, Predicate Calculus, Predicate and arguments, ISA hierarchy, Frame notation, Resolution, Natural Deduction	20	8
3.	Knowledge Representation: Knowledge Representation – Representation and Mappings, Different Approaches, Issues in knowledge representation. Predicate Logic - Representation Simple Facts in Logic, Representing Instance and Isa Relationships, Computable Functions and Predicates, Resolution. Propositional Logic: Representation, Inference, Reasoning Patterns, Resolution, First-order Logic: Representation, Inference, Reasoning Patterns, Resolution	15	8
4.	Uncertainty: Non-Monotonic Reasoning, Logics for Non-Monotonic Reasoning, Forward rules, and Backward rules, Justification based Truth Maintenance Systems, Semantic Nets Statistical Reasoning, Probability and Bayes' theorem, Bayesian Network, Markov Networks, Hidden Markov Model, Basis of Utility Theory, Utility Functions.	15	4
5.	Fuzzy Sets and Fuzzy Logic: Fuzzy Set Operations, Membership Functions, Fuzzy Logic, Hedges, Fuzzy Proposition and Inference Rules, Fuzzy Systems.	10	5
6.	Natural Language Processing: Introduction, Syntactic Processing, Semantic Analysis, Semantic Analysis, Discourse and Pragmatic Processing, Spell Checking	10	5
7.	Neural Networks and Expert systems: Introduction to neural networks and perception-qualitative Analysis, Neural net architecture and applications, Utilization and functionality, the architecture of the expert system, knowledge representation, two case studies on expert systems	15	8
Total		100	45

Printed on : 12-05-2026 04:59 PM

Reference Books	
1.	Artificial Intelligence: A New Synthesis, Harcourt Publishers (TextBook) By N. J. Nilsson Harcourt Publishers
2.	Artificial Intelligence (TextBook) By Elaine Rich and Kevin Knight TMH
3.	Artificial Intelligence-Structures and Strategies For Complex Problem Solving By George F. Luger Pearson Education / PHI
4.	Artificial Intelligence - A Modern Approach By Stewart Russell and Peter Norvig Pearson Education/ Prentice Hall of India 2
5.	Artificial Intelligence – A Practical Approach By Patterson Tata McGraw Hill 3

Course Outcome	
After Learning the Course the students shall be able to:	
1. Discuss AI fundamentals, history, and future trends to develop solutions for problem-solving, inference, perception, knowledge representation, and learning tasks.	
2. Utilize knowledge representation methods like propositional logic, predicate logic, and frame notation to effectively represent knowledge within AI systems.	
3. Discover methods for solving AI problems, including diverse search algorithms and techniques like non-monotonic reasoning, probability theory, Bayesian networks, and fuzzy logic for effective decision-making in uncertain scenarios.	
4. Apply Natural Language Processing (NLP), Neural Networks and Expert Systems technologies effectively in real-world scenarios.	

Miscellaneous
Exam Requirement It consists of Assignments/Seminars/Presentations/Quizzes/Surprise Tests (Summative/MCQ) etc.

Printed on : 12-05-2026 04:59 PM

T	CE	P	T	P						
0	0	2	0	1	-	-	20	-	30	50

SEE - Semester End Examination, T - Theory, P - Practical

Course Outcome

After Learning the Course the students shall be able to:

1. Analyze real-world problems and apply appropriate AI techniques to solve them.
2. Create AI systems using heuristic search and knowledge representation techniques.
3. Implement core AI algorithms to solve problems and understand their functionalities.
4. Apply programming skills to build functional AI applications.
5. Analyze complex data and design neural network architectures for pattern recognition and problem-solving.

List of Practical

1.	Develop an AI-based medical diagnosis system using expert systems architecture and knowledge representation techniques.
2.	Build an intelligent agent for optimizing e-commerce inventory management using search algorithms like hill climbing and best-first search.
3.	Implement a constraint satisfaction algorithm to solve scheduling problems in healthcare facilities
4.	Create a recommendation system for personalized learning using means-end analysis and heuristic search techniques.
5.	Develop a problem-solving agent for optimizing resource allocation in logistics using A* and AO* algorithms.
6.	Develop a fuzzy logic-based system for predicting stock market trends considering uncertain market conditions.
7.	Write a program to implement BFS (Water Jug problem or any AI search problem). Write a program to implement DFS (Water Jug problem or any AI search problem).
8.	Define a predicate brother(X,Y) which holds iff X and Y are brothers.

Printed on : 12-05-2026 04:57 PM

Page 1 of 2

8.	Define a predicate cousin(X,Y) which holds iff X and Y are cousins. Define a predicate grandson(X,Y) which holds iff X is a grandson of Y. Define a predicate descendent(X,Y) which holds iff X is a descendent of Y. Consider the following genealogical tree: father(a,b). father(a,c). father(b,d). father(b,e). father(c,f). Say which answers, and in which order, are generated by your definitions for the following queries in Prolog: ?- brother(X,Y). ?- cousin(X,Y). ?- grandson(X,Y). ?- descendent(X,Y).
9.	Write a program to implement Tic-Tac-Toe game using python.
10.	Create a spell-checking application utilizing natural language processing (NLP) techniques, including syntactic and semantic analysis.
11.	Design a neural network architecture for pattern recognition in medical imaging for disease diagnosis.

Printed on : 12-05-2026 04:57 PM

STUDENT GRIEVANCE REDRESSAL CELL

The grievances related to following instances will be considered by Students' Grievance Redressal Committee

- Admission contrary to merit determined in accordance with the declared admission policy of the institution;
- Irregularity in the process under the declared admission policy of the institution; refusal to admit in accordance with the declared admission policy of the institution;
- Non-publication of a prospectus by the institution, in accordance with the provisions of these regulations;
- Publication by the institution of any information in the prospectus, which is false or misleading, and not based on facts;
- Withholding of, or refusal to return, any document in the form of certificates of degree, diploma or any other award or other document deposited by a student for the purpose of seeking admission in such institution, with a view to induce or compel such student to pay any fee or fees in respect of any course or program of study which such student does not intend to pursue;
- Demand of money in excess of that specified to be charged in the declared admission policy of the institution;
- Violation, by the institution, of any law for the time being in force in regard to reservation of seats in admission to different category of students;
- Non-payment or delay in payment of scholarships or financial aid admissible to any student under the declared admission policy of such institution, or under the conditions, if any, prescribed by the Commission;
- Delay by the institution in the conduct of examinations, or declaration of results, beyond the schedule specified in the academic calendar of the institution, or in such calendar prescribed by the Commission;
- Failure by the institution to provide student amenities as set out in the prospectus, or is required to be extended by the institution under any provisions of law for the time being in force;
- Non-transparent or unfair practices adopted by the institution for the evaluation of students;
- Delay in, or denial of, the refund of fees due to a student who withdraws admission within the time mentioned in the prospectus, subject to guidelines, if any, issued by the Commission, from time to time;
- Complaints of alleged discrimination of students from the Scheduled Castes, the Scheduled Tribes, Other Backward Classes, Women, Minorities or persons with disabilities categories;
- Denial of quality education as promised at the time of admission or required to be provided;
- Harassment or victimization of a student, other than cases of harassment, which are to be proceeded against under the penal provisions of any law for the time being in force;

The term of the chairperson and members shall be for a period of two years.

The term of the special invitee shall be one year.

The SGRC shall send its report with recommendations, if any, to the Provost and a copy thereof to the aggrieved student, preferably within a period of 15 working days from the date of receipt of the complaint.

Any student aggrieved by the decision of the Students' Grievance Redressal Committee may prefer an appeal to the Ombudsperson, within a period of fifteen days from the date of receipt of such decision.

OMBUDSMAN

The university has appointed Prof. D.M.Patel, Retd. Principal, M.S.U.Polytechnic, Vadodara as OMBUDSMAN for redressal of grievances of students of the university.

His appointment as OMBUDSMAN shall be for a period of three years or until he attains the age of 70, whichever is earlier.

PROCEDURE FOR REDRESSAL OF GRIEVANCES BY OMBUDSPERSONS AND STUDENT GRIEVANCE REDRESSAL COMMITTEES:

1. The university has created an online portal <https://paruluniversity.ac.in/student-services> where any aggrieved student may submit an application seeking redressal of grievance.
2. On receipt of an online complaint, HOI of the institution shall refer the complaint to the Students' Grievance Redressal Committee, along with its comments within 15 days of receipt of complaint on the online portal.
3. The Students' Grievance Redressal Committee shall fix a date for hearing the complaint which shall be communicated to the HOI of the institution and the aggrieved student.
4. An aggrieved student may appear either in person or authorize a representative to present the case.
5. Grievances not resolved by the Students' Grievance Redressal Committee within the time period provided in these regulations may be referred to the Ombudsperson by the university.
6. HOIs of Institutions shall extend co-operation to the Ombudsperson or the Student Grievance Redressal Committee(s), in early redressal of grievances.
7. The Ombudsperson shall, after giving reasonable opportunities of being heard to the parties concerned, on the conclusion of proceedings, pass such order, with reasons thereof, as may be deemed fit to redress the grievance and provide such relief as may be appropriate to the aggrieved student
8. The institution, as well as the aggrieved student, shall be provided with copies of the order under the signature of the Ombudsperson.
9. The institution shall comply with the recommendations of the Ombudsperson.
10. The Ombudsperson may recommend appropriate action against the complainant, where a complaint is found to be false or frivolous.

FUNCTIONS OF OMBUDSPERSON:

- The Ombudsperson shall hear appeals from an aggrieved student, only after the student has availed all other remedies provided under these regulations.
- While issues of malpractices in the conduct of examination or in the process of evaluation may be referred to the Ombudsperson, no appeal or application for revaluation or re-totalling of answer sheets from an examination, shall be entertained by the Ombudsperson unless specific irregularity materially affecting the outcome or specific instance of discrimination is indicated.
- The Ombudsperson may avail assistance of any person, as amicus curiae, for hearing complaints of alleged discrimination.
- The Ombudsperson shall make all efforts to resolve the grievances within a period of 30 days of receiving the appeal from the aggrieved student(s).

ALUMNI ASSOCIATION CELL

Parul University Alumni Association (PUAA) proudly represents a global family of 80,000+ alumni across 38 constituent institutions, creating a lifelong network that connects graduates with their peers, mentors, and the University. PUAA serves as a bridge between past and present, fostering collaboration, mentorship, and professional growth while celebrating the achievements of our alumni community across the world.

Through its various initiatives, PUAA promotes knowledge sharing, career development, entrepreneurship, social impact, and global engagement, empowering every alumnus to contribute towards building a more innovative and inclusive future.

Our Chapters: Strengthening Global Bonds

PUAA has established 08 National and 25 International Alumni Chapters that act as local hubs of networking, mentorship, and collaboration — with many more upcoming chapters set to further expand and enrich our global alumni network.

- National Chapters: Vadodara Chapter | Ahmedabad Chapter | Rajkot Chapter | Surat Chapter | Udaipur Chapter | Navsari Chapter | Hyderabad Chapter | Pune Chapter | Mumbai Chapter | Dahod Chapter.
- International Chapters: New Jersey Chapter – USA | Texas Chapter – USA | London Chapter – UK | Berlin Chapter – Germany | Paris Chapter – France | Bhutan Chapter | Nepal Chapter | Zimbabwe Chapter | Uganda Chapter | Kenya Chapter | Zambia Chapter | Lithuania Chapter | Dubai Chapter – UAE | Mozambique Chapter | South Sudan Chapter | Madagascar Chapter | Gambia Chapter | Guinea Chapter | Nigeria Chapter | Niger Chapter | Tanzania Chapter | Ethiopia Chapter | Cameroon Chapter | Ghana Chapter | Ivory Coast Chapter.

Each chapter promotes cultural exchange, professional opportunities, and university pride, reinforcing Parul University's global presence.

Student–Alumni Engagement Initiatives

PUAA actively bridges the gap between students and alumni through various programs aimed at learning, growth, and career development:

- **Alumni Talk Series:** Alumni from diverse industries regularly visit the campus or connect virtually to share insights, experiences, and professional guidance with current students.
- **ASMP – Alumni Student Mentorship Program (Industry Connect):** A structured initiative pairing students with alumni mentors for personalized career guidance, higher education support, and skill development.
- **HR Connect:** Alumni working in HR, recruitment, and corporate sectors collaborate with the university to provide placement opportunities and industry exposure.
- **Alumni Webinars & Industry Panels:** Interactive sessions where global alumni discuss emerging trends, innovation, and career paths.
- **Entrepreneur Connect:** Alumni entrepreneurs inspire students to explore startup ideas, innovation, and business leadership.

Notable Alumni: Our Pride, Our Inspiration

PUAA celebrates the accomplishments of its distinguished alumni who have excelled across diverse domains — from technology & Healthcare to entrepreneurship, public service, and research.

“Empowering Learners through Multidisciplinary and Holistic Education”

Parul University, by its very structure, embodies the essence of a multidisciplinary institution, offering a wide range of programs across Engineering, Medicine, Management, Liberal Arts, Law, Pharmacy, Physiotherapy, Agriculture, Design, Hotel Management, Performing Arts, Fine Arts, Commerce, and Ayurveda.

This inherent diversity, supported by strong academic infrastructure and a vision for holistic education, has enabled the University to integrate and implement the National Education Policy (NEP) 2020 naturally and effectively.

The presence of multiple faculties under one umbrella promotes cross-disciplinary learning, flexible curriculum design, and innovative academic pathways in line with national educational reforms.

To ensure structured and coordinated policy implementation, Parul University established the National Education Policy Cell (NEP Cell) in 2022 and the Center for Multidisciplinary and Interdisciplinary Education (CMIE) in 2023. These dedicated bodies serve as institutional anchors for planning, coordination, and execution of NEP initiatives across faculties. The University’s NEP journey began with the introduction of the Four-Year Undergraduate Programme (FYUP) across ten faculties in 2023–24, extended to Agriculture in 2024–25, and further expanding to Engineering from 2025–26.

The Four-Year Undergraduate Programme (FYUGP), as envisioned under NEP 2020, promotes academic flexibility, skill enhancement, and value-based learning. Parul University has adopted this framework to create a student-centric learning ecosystem integrating academic excellence, professional skills, and ethical values.

The curriculum includes the following categories of courses:

- Professional Core Courses (PCC): Form the backbone of the professional program, providing in-depth theoretical and practical knowledge specific to the chosen discipline. These courses develop essential competencies and technical expertise required for professional practice.
- Professional Elective Courses (PECs): Offer flexibility for learners to specialize in emerging areas or sub-domains of their profession. They enable students to tailor their learning pathway according to their interests, career goals, and industry trends.
- Humanities and Social Science, including Management Courses (HSMC): Promote a broad understanding of social, cultural, ethical, and economic contexts. These courses nurture communication, teamwork, leadership, and managerial skills essential for responsible and effective professional engagement.
- Basic Science Courses (BSC): Lay the scientific foundation necessary for engineering and technology education. They build analytical thinking and problem-solving abilities through subjects such as mathematics, physics, chemistry, and related sciences.
- Engineering Science courses (ESC): Bridge the gap between basic sciences and professional engineering applications. These courses introduce fundamental engineering principles, tools, and methodologies that support design and innovation in technical domains.
- Multidisciplinary Open Professional Electives Courses (MOPECs): Encourage cross-disciplinary learning and innovation by allowing students to explore courses across different branches of engineering, technology, and applied sciences. They promote adaptability and a systems-thinking approach in solving complex real-world problems.
- Project Work /Skilling-Based Course/ Training/ Internship: Provide experiential learning through practical

application of concepts in real-world environments. These components enhance hands-on skills, innovation, teamwork, and industry readiness through capstone projects, skill modules, and internships.

- **Mandatory courses (MNC):** Instill essential values and awareness regarding environmental sustainability, ethics, human values, and professional responsibility. These non-credit courses support holistic development and responsible citizenship among learners.

In alignment with UGC's SWAYAM and MOOC guidelines, Parul University recognizes online courses completed through the SWAYAM portal, enabling students to earn academic credits. The University also conducts in-house examinations for such approved MOOC courses, ensuring credit equivalence and smooth academic integration.

The NEP 2020 implementation at Parul University provides students with multiple academic advantages. It allows them to customize their learning pathways by choosing subject combinations across disciplines, thus promoting true academic freedom and holistic learning. The emphasis on experiential and multidisciplinary education equips students with practical skills, critical thinking, and problem-solving abilities essential for professional success. The adoption of a credit-based system encourages lifelong learning, while integration with digital platforms like SWAYAM enhances access to high-quality educational resources.

To ensure the successful execution of NEP 2020, Parul University emphasizes faculty empowerment as a cornerstone of its implementation strategy. All faculty members are encouraged to undergo the Malaviya Mission Teacher Training Programme (MMTTP) as recommended by the University Grants Commission (UGC).

Alignment with National Credit Framework (NCrF)

Parul University follows the National Credit Framework (NCrF) and National Higher Education Qualification Framework (NHEQF) guidelines to standardize credits and learning outcomes across all programs.

Table- 1 Implementation Framework – Diploma/UG/PG/Ph.D Level Program

NCrF/ NHEQF Level	Qualificati on Title	Minimum Credit Requirem ent
Level 3.5	Certificate of Vocation Programme Duration: First year or two semesters of the diploma programme	40
Level 4.0	Diploma of Vocation Programme Duration: Two year or four semesters of the diploma programme	80
Level 4.5	Diploma Degree Programme Duration: Three year or six semesters of the Diploma programme	120
Level	Undergraduate Certificate	40

4.5	Programme Duration: First year or two semesters of the undergraduate programme	
Level 5.0	Undergraduate Diploma Programme Duration: First two years or four semesters of the undergraduate programme	80
Level 5.5	Bachelor of Vocational Programme Duration: Three years or six semesters	120
Level 6.0	Bachelor's Degree Programme Duration: Four years or eight semesters	160
Level 6.5	Postgraduate Diploma Programme Duration: One year or two semesters	40
Level 7.0	Postgraduate Degree (Master's Degree) Programme Duration: Two years or four semesters	80
Level 8.0	Doctoral Degree (Ph.D.)	40

This ensures credit mobility, enabling students to transfer, accumulate, and redeem credits nationally through the Academic Bank of Credits (ABC).

CENTRE FOR DISTANCE AND ONLINE EDUCATION (CDoE)

Backdrop

The Centre for Distance & Online Education (CDOE) at Parul University is committed to democratizing access to quality higher education by leveraging flexible, technology-enabled learning modes. Our mission is to empower learners—especially working professionals, remote learners, and lifelong learners—with UGC-approved, digitally delivered programmes that maintain the highest academic standards.

Key Features & Strengths

- **UGC-Recognized & Regulated:** The programs offered under CDOE comply with UGC (OL & ODL) regulations, ensuring equivalence with regular-mode degrees.
- **NAAC A++ Accredited University:** Parul University's institutional reputation adds strength and credibility to its distance and online and distance program offerings.
- **Diverse Program Portfolio:** CDOE offers a wide range of undergraduate and postgraduate online and

distance programs—spanning Arts, Commerce, Science, Management, Computer Applications and more.

- **Flexible Learning Mode:** Examinations for Online learners are conducted in online mode to suit remote learners.
- **Scholarship & Dual Degree Options:** Offered programs include scholarship options and dual degree options to maximize value for students.
- **Global & Virtual Exposure:** Through virtual classrooms and global exchange programs, learners get exposure to international perspectives and best practices.

Why Choose CDOE, Parul?

- **Accessibility & Convenience:** Learn from anywhere, anytime, without needing to relocate to campus.
- **Quality & Credibility:** Degrees awarded are recognized and equivalent to traditional formats under UGC norms.
- **Industry-Relevant Curriculum:** Programs are designed to meet evolving industry needs, with input from domain experts and faculty.
- **Learner Support & Resources:** Digital libraries, faculty mentors, technical support, and online study materials ensure smooth learning experiences.
- **Career Advancement & Upskilling:** Ideal for professionals aiming to progress in their careers without interrupting work commitments.

The list of program offerings are as below:-

S.No.	Type	Programme Name	Programme Name.	Duration	Eligibility	Lump Sum Fee	Annual Fee	Semester Fee

The learner can register and log in at <https://admissions.paruluniversity.ac.in/student/login> for your admission formalities.

CONTINUING EDUCATION PROGRAMS (CEP)

Parul University's Continuing Education Programs stands at the forefront of skill-based education, dedicated to bridging the gap between the dynamic demands of industry and the expertise of today's professionals. With an expansive range of flexible learning programs, CEP is designed to meet the evolving needs of students and organizations alike, equipping learners with in-demand skills and fostering growth in their careers and entrepreneurial pursuits.

About Certificate Programs Offered:

CEP offers diverse programs developed in line with current industry standards, allowing individuals and organizations to choose learning paths that match their interests and goals. From Certificate to Fellowship our offerings promote professional development through a unique blend of online and offline lectures, experiential learning, practical projects, and engaging activities.

About Dual Degree Programs Offered:

As per the University Grants Commission (UGC), candidates are allowed to pursue two academic degrees. They can pursue up to two courses affiliated with the same university or from different universities simultaneously. With the ever-increasing knowledge and skills in today's competitive world, Dual Degree opportunities allow you to pursue two degrees at the same time. Studying dual degrees will provide you with the most competitive advantage and give you diverse knowledge in multiple fields and disciplines. Undergraduate and Postgraduate students can study two degree programs in multiple fields and fulfill the coursework and program requirements

Diploma and Post Graduate Diploma Programs Offered by Parul University as Dual Degree

OFFICE OF INTERNATIONAL AFFAIRS

The Office of International Affairs (OIA) at Parul University serves as the central coordinating body for all international academic, administrative, and student-related functions. It is dedicated to fostering global engagement, facilitating international students services, and ensuring the holistic integration of international students into the academic and cultural life of the University.

OIA functions as a single window of support for all international students—assisting them from the point of admission and visa facilitation to academic onboarding, accommodation, and cultural orientation. The Office is committed to creating a safe, inclusive, and multicultural environment that enables every student to thrive both academically and personally.

Through its various operational divisions, OIA oversees international admissions, student welfare, immigration compliance, academic coordination, and institutional collaborations.

The Office also organizes intercultural exchange events and student engagement programs that promote global learning and diversity on campus.

Guided by the mission of “making the globe our classroom,” OIA strives to position Parul University as a globally recognized institution that embodies excellence, inclusivity, and innovation in international higher education.

UNFAIR MEANS (UFM)

Guidelines

- The cases of malpractices related to any examination shall be referred to the “Disciplinary Committee for Unfair Means in Examination”. This committee, consisting of three deans of faculties nominated by honorable Provost in each semester, after proper inquiry and judicious evaluation of all available documents and after giving fair and reasonable opportunity of being heard in each case, will recommend the punishment for further action to the concerned competent authority.
- In some categories, the degree of culpability of all cases falling under a particular category may not be the same. Different levels of punishment are therefore recommended for such categories, so that the Disciplinary Committee for Unfair Means in Examination can recommend punishment at the appropriate level.
- Essentially, these recommendations are for guidance of the Disciplinary Committee for Unfair Means in Examination. The committee may recommend milder or harsher punishment than that shown in the guidelines if it feels that such punishment is justified in a particular case. In the overall perspective what is necessary is, that the Disciplinary Committee for Unfair Means in Examination should have a corrective rather than a punitive approach, while at the same time, it should preserve the honesty and integrity of the exam system.
- The Committee recommends punishment with reference to the malpractice involved in each case but the effect of the punishment recommended is to be read with academic regulations laid down by the university from time to time.

Note:

The following explanations will apply to the various guidelines in table format and terms which are not defined are to be interpreted as per the regulations notified by the university from time to time.

- Reference to a male candidate implies similar reference to a female candidate.
- Reference to certain words in singular form implies reference to their plural form also, where the context is obvious e.g. answer book / answer books, note/notes, chit/chits, page/pages etc.
- Reference to answer book implies reference to main answer books.
- "Examination" means an examination or a test for theory, practical, term work including viva, term assignment, class test dissertation, project work synopsis/thesis of Ph.D. etc. and any other form of evaluation conducted by university or by any Institution of the University.
- Supplementary Examination is not a separate Examination but it is a part of End Semester Examination and hence whenever the punishment is imposed for Supplementary Examination it should be considered as a part of End Semester Examination.
- Cancellation of result shall mean cancellation of appearance in the examination.
- Whenever there is more than one punishment imposed, then the penalty will have effect one after another i.e. only after completion of one penalty other will start.
- The applicable punishments with reference to nature of malpractices are as mentioned below.
- Punishment: UF-1 Cancellation of the result of the respective subject.
- If a candidate disobeys the instruction of the authorized officer of the University or block Supervisor

regarding maintaining silence, discipline, obstructing the process of examination in any way.

- If the candidate found using indecent or abusing words in the answer book. Attempts to remove encrypted code or any sticker on the answer book. Indulges in writing the matter relevant to the subject before commencement of exam.
- If a candidate, in association with other candidate/s, attempts to copy the answer in any manner.
- Punishment: UF-2 Cancellation of the result of all subjects of the concerned semester / term / year.
- If the candidate gives his address /email/phone no. etc. or discloses his identity in any manner in the answer book (which is not permitted). Possess any sort of exam relevant material in the examination hall or even outside the examination hall like toilet, lobby etc. or tries to contact any unauthorized person during the exam timings.
- During the examination, if the candidate
 - Has changed the allocated seat without permission. Communicate with another examinee or try to pass information even after a word of caution from any authority. Any sort of writing on the question paper.
 - Is found to be in possession of unauthorized electronics device(s) including mobile phone except recommended calculator irrespective of whether it is used or not used.
 - The candidate tries to destroy evidence of malpractice by throwing it away, chewing it, or by any means which was found in his possession during examination.
 - During the assessment, the examiner reports that the handwriting in some portion of the answer book differs from the usual handwriting of the candidate found from the answer book of a candidate.
 - A candidate is found requesting and using writer by submitting false/fraud evidence.
 - If the candidate is caught indulging in malpractice in examination and makes an attempt to influence
 - The authorized person for conduct of examination / member/s of the Disciplinary Committee for Unfair Means in Examination / examiner concerned for seeking his favor or exerting personal pressure.
 - The examiner for seeking his favors either by bribing/hiding currency notes in the answer sheets or the examiner for seeking answer-books or threatens any of the authorized officers for conduct of examination.
- Punishment: UF-3 Cancellation of the results of examination of *two subjects of concerned semester/term/year.
- During the examination, if a student is found in possession of any hand-written/printed/non printed/photocopy/typed/soft material etc. on his/her body or inside the clothes or under any of his/her implements like calculator, Compass, etc. on in his/her vicinity either reported by the Supervisor or subsequently by the examiner either used or unused,
- If a candidate, in association with other candidate/s, attempts to copy the answer in any manner which may include the following. The candidate has copied from the answer book of another candidate/s. Exchanges / borrows / takes written answer book or question paper or material in any form other candidate.
- Punishment: UF-4 Cancellation of the results of all Examinations of all the subjects of concerned semester/term/year.
- During the Examination if the candidate

- Is found to be in possession of unauthorized answer book or part thereof, either blank or written upon or
- Attempts to throw or carry away the answer book or part thereof outside the examination hall or
- Is found to have torn the answer book or part thereof, of his own or of another candidate or
- Is found to have made corrections in the seat/roll nos. on the answer-books or other writing himself or with the help of the other person/s.
- If a candidate snatches away or takes away or uses answer book or part thereof or question paper of other candidate.
- Punishment: UF-5 Cancellation of result of all the subjects of the current semester/term examination and initiate the criminal proceeding including filing FIR against the student/person involved in this incident.
- Physically assaulting the Block Supervisor / any other person appointed to conduct the examination or threatening the staff or carrying and/or using offensive tools/weapons for intimidation / causing injuries.
- Punishment: UF-6 Cancellation of result of all the subjects of the current semester examination and debarred to appear in next four summer/winter, regular/supplementary all examinations to be conducted by the University.
- If the examinee carries away an answer book, supplementary or practical job or part thereof outside the exam hall. Leaves the examination hall without submitting his answer book or tries to destroy it.
- Punishment UF-7 Initiate the criminal proceeding including filing FIR for the impersonate involved in this incident and dismissing the student of the constituent college of the Parul University. Debarring both of them from the university for a period of two years if both are from within constituent colleges.
- If one impersonates as a candidate on behalf of a candidate of any constituent college of Parul University and is found appearing in the examination in place of an eligible student of the constituent college of Parul University.
- Punishment: UF 8 Deferred submission of thesis/dissertation/ project work for a period of 1 year in case of Masters. The resubmission of the thesis/project work/dissertation shall be with fresh work. It may be understood that the student will have to go through all the stages of evaluation of his/her fresh work.
- If an examinee of P.G. courses is found guilty of plagiarism of a thesis/dissertation/ project work during the period of assessment
- Punishment: UF-9 The degree awarded shall be withdrawn by the University.
- If a candidate who is awarded Masters from the University, is found guilty of plagiarism by the University.
- During or after the examination, if any candidate is found to have indulged in any form of malpractices which are not covered in categories mentioned in the above guidelines having bearing on the examination or result of the candidate and/or of any other candidate. - The Disciplinary Committee for Unfair Means in examination shall recommend the punishment depending upon the nature and gravity of the malpractice.
- In case where the punishment "cancellation of the result of the two subjects" is awarded the one subject will be the subject in which he/she is caught for indulging in unfair means, while the other subject will be

in which the candidate shall be declared “pass“ and in which he/she shall have received the lowest grades compared to other subjects.

- In the eventuality, where the scores obtained by the candidate is equal in two subjects, the other subject will be considered as per the chronological order of the subject of the concerned semester/term/year.
